

Internship

Computer Science / Business Informatics / Medical Technology / Technical Informatics

IKONION® Digital Media GmbH is a software company based in Mannheim, specializing in the development of integrated patient education and digitization systems for specialists. The interlocking software products PatientenTV, Easy Eye, and Digibo® support communication between doctors and their patients worldwide. With a highly specialized marketing platform featuring 3D animations, simulators, interactive 3D models, and a digital signature system, IKONION® is considered a market leader in the field of digital patient education.

Your tasks:

- Development and implementation of IT solutions and systems
- Collaboration in various areas, such as web development, database design or software engineering (Programming languages: PHP, JavaScript, Python, MySQL, Objective-C)
- Your tasks include analyzing requirements, developing and implementing technical concepts, as well as further developing existing systems
- As a student, you are part of our team from the start and work independently on projects
- Software testing
- Setting up customer systems (remotely or on site at the customer's)
- IT support for our customers over the phone

Your profile:

- Programming skills are desirable, but not required
- Interest in the fields of IT, technology, and healthcare
- Analytical and conceptual thinking skills
- Excellent German language skills and good English language skills, both written and spoken
- Independent, structured, and reliable way of working
- Enjoy new challenges and teamwork

What we offer you:

- At IKONION®, you have the chance to contribute to a young, fast-growing software company. Also, you will benefit from the following advantages:
- Colleagues who warmly welcome and train you
- Modern workplace near Luisenpark Mannheim with a view of the greenery, two minutes' walk from the IU
- Excellent connection to public transportation and parking facilities
- Working in a competent, dynamic team with flat hierarchies and a relaxed working atmosphere
- Comprehensive training on our products and processes
- You are given the opportunity to actively shape the development of the company and contribute your ideas
- A modern workplace in a growing company and market with a future
- Regular team events and free coffee ;)

Do you fit with us?

Then we look forward to receiving your meaningful application, including a cover letter and resume, at info@ikonion.com. We will get back to you as soon as possible. If you have any questions, it is best to call Mr. Pierre-Richard Kraus directly at the number **0621 / 49077540**.
